

## NeoTimber® Garden Furniture Datasheet

Easy to assemble and built to last, NeoTimber's versatile range of high-quality recycled plastic furniture allows you to put your feet up, relax, and simply enjoy your garden space. As an alternative to traditional timber, all of our garden furniture is incredibly low maintenance, needing no painting, staining or preserving, and can be simply wiped down should any marks or staining occurs.

## Our Ethos

Responsibly sourced recycled plastic for a more sustainable world.

All of NeoTimber's plastic furniture products is made from carefully selected recycled plastic fibres, which are washed, shredded, and blended together before being remanufactured into something new. This process prevents any waste products ending up in a landfill, instead contributing to a circular economy.

Full range includes: Tables • Benches • Bins/Composters • Planters • Garden furniture

Learn more about our recycled plastic products, visit us at [www.neotimber.com/furniture/](http://www.neotimber.com/furniture/)
